| Combustível: Elétrico | Tanque de Combustível: - | Tipo de Comando: Electrónico | Transmissão: Fora de Borda |
| Nº de Camas: -- | Tanque de Água: - | Bandeira: Portugal | Classe de Registo: Portugal |

Fully electrical boat powered by solar panels and 2 electric engines. Fully ecological and silent.

SunSailer 7.0 line models are suitable for protected coastal zones and lagoon and riverine areas, where noise, pollution and stress caused by unrest are factors of destabilization and devaluation of the landscape and well-being. Moving harmoniously, these quite boats do not emit pollutant gases neither spill oils.

The design of the patented 7 meters displacement hull is optimized for a cruising speed of 5 to 6 knots, obtained from two 3Hp electric motors and powered by batteries fed by solar panels.

Equipment:

Electric fridge

6 solar panels, 6 Batteries Victron Energy (2022), Battery Charger Victron Energy, Battery monitor, Cockpit cushions, navigation lights, full security equipment for 12 people.

Boat presented in general good shape.
